

Apartment Move In Checklist

New Apartment Must Do's

- Get your power switched on: Find out what utilities you are responsible and contact your local provider(s).
- Connect the Wi-Fi: Do your research on which internet provider is best in the area you are moving to, reach out for quotes and get connected.
- Change your address: Visit your local DMV to complete a change of address form.
- Snap some photos: Take some pictures of your new place and keep a record of your apartment in move-in condition. **Be sure to capture any existing damage such as scratches or stains, and ensure your photos are timestamped.**
